

JOSEPH REUBEN OLIVEIRA NUNES-DINERSTEIN

(Joey Nunes) • He/Him

North London | (+44) 07484288213 | joeyndmedia@gmail.com | www.josephnunes.com

Adaptable and solution-driven professional holding an MSc in Marketing with Distinction and a strong aptitude for hands-on technical problem-solving. Demonstrated success in operational support, system troubleshooting, and technical optimization—from custom PC building to leveraging AI tools to build efficiency-boosting web applications. Highly collaborative and trusted with high volumes of sensitive data, combining strong analytical capabilities with versatile cross-functional communication skills.

PROFESSIONAL EXPERIENCE

Travel | *Career Break*

JULY 2025 – JUNE 2026

- Travelled independently across Europe and Asia, fostering cross-cultural communication, high adaptability, and resourceful problem-solving skills in dynamic environments.

Connectivity Analyst | *Trailfinders, London*

JULY 2024 – MAY 2025

- Analyzed complex XML data feeds to ensure seamless API integrations and resolved high-priority consultant helpdesk support tickets efficiently.
- Liaised directly with international ground product suppliers to troubleshoot integration bottlenecks and maintain operational efficiency.
- Leveraged Advanced Excel (including pivot tables and data manipulation) to process, clean, and interpret large-scale operational datasets.
- Entrusted with managing and safeguarding confidential and sensitive company data with complete discretion.

Operations Support Consultant | *Trailfinders, London*

DECEMBER 2023 – JULY 2024

- Priced and processed complex flight amendments and managed out-of-range bookings via Galileo and Amadeus GDS platforms.
- Leveraged AI prompting tools to design and construct a custom, fully HTML-based 'tax calculator' web application in personal time, automating manual pricing calculations and substantially boosting team workflow efficiency.

Podcast Producer & Video Editor | *'Living With Loss' Podcast, London / Remote*

JUNE 2020 – SEPTEMBER 2022

- Spearheaded complete media production life cycle, directing end-to-end sound engineering, multi-track audio editing, and video post-production.
- Successfully transitioned operations into a fully remote model, maintaining flawless collaboration with on-site producers to deliver polished, published content.

EDUCATION

MSc Marketing | *University of East Anglia, Norwich*

SEPTEMBER 2022 – AUGUST 2023

Grade / Classification: Distinction (1st Class)

BA (Hons) Media Studies | *University of East Anglia, Norwich*

SEPTEMBER 2019 – JULY 2022

Grade / Classification: Upper Second Class (2.1) • Dissertation Grade: 2.1

TECHNICAL & CORE SKILLS

- **Technical Aptitude & Systems:** Custom hardware construction (built/configured 4 custom PCs), software troubleshooting, XML analysis, GDS platforms (Galileo, Amadeus), HTML, AI-assisted tool development.
- **Data Analysis & Excel:** Proficient in data manipulation, pivot tables, and efficiency tool development for automated processing.
- **Adaptability & Problem-Solving:** Proven ability to rapidly learn new technologies, transition seamlessly across technical and creative roles, and resolve complex system issues.
- **Collaboration & Communication:** Experienced cross-functional collaborator, comfortable working autonomously in remote and hybrid environments.
